

BILLING SOLUTIONS THAT WORK FOR YOU!

Bank Transfer Solutions

DirectPay EU  **IBAN**

DirectPay EU is connected directly to 36 European online bill payment systems and guarantees funds within days. Merchants can process bank payments with no chargeback risks from most European countries, including those countries previously black-listed due to high-risk.

DirectPay US 

DirectPay US allows consumers to make payments directly to the merchant from their own checking or savings account. DirectPay US allows online businesses to process without the risk of costly chargebacks and is ideal for high-ticket online products and services.

GiroPay 

Giropay represents Germany's primary online payment method for bank clients. With each giropay purchase, the funds are instantly debited from the consumer's bank account and the merchant is guaranteed to receive the funds.

iDEAL 

iDEAL is a direct debit payment developed by the Dutch banks to make it easier for their customers to pay online for products and services. iDEAL allows online payments to be made using online banking through the consumer's own bank.

PagosBancarios 

PagosBancarios gives you direct access to millions of consumers that desire to pay directly via their own bank account, with no risk of chargebacks. PagosBancarios is supported by the world's major banks in countries such as Brazil, Chili, Mexico, Spain and Peru.

Charge Card Solutions

American Express
Discover and JCB

Accept American Express, Discover, JCB and other charge cards on your website, including PIN-based, PIN-less and signature-based ATM cards.

Debit Solutions

China Debit
Korean Debit

Process all domestic Chinese and Korean ATM and Debit cards that are not part of the VISA/MC network with no charge backs and guaranteed funds.

EU Debit

EUDEBIT is the most widely accepted form of payment in Europe and gives direct access to over 115 million European online consumers. The funds are directly withdrawn from the customer's bank account in real-time.

eCheck Solutions

ACH

Our Automated Clearing House (ACH) platform provides merchants with an electronic online check acceptance and verification service that processes online payments directly from United States and Canadian bank accounts.

Prepaid Solutions

Snapcard

By accepting SNAP your client can shop online privately, securely and easily. Snap holders do not need a credit card or bank account to pay.

Paysafecard 

Paysafecard is a prepaid card or voucher that is sold at over 20,000 shops in the U.K. and 230,000 outlets in 16 European countries and guarantees payment to merchants.

2000Charge® delivers a complete spectrum of traditional and alternative billing solutions to maximize your sales and minimize your risk.

100% ALTERNATIVE

Not everyone has a credit card or likes to use them online to make purchases, especially outside the United States.

2000Charge® covers all your alternatives!

EXTENSIVE ONE SOURCE REPORTING

All your payment options are accessible through one interface, and the reports are displayed in an easy to read and comprehensive format. API's for more advanced set-ups are available.

CUSTOMER DEMOGRAPHICS

The 2000Charge Geo-Targeting system detects the location of your customer, and automatically provides them with local information, making the customer feel comfortable while shopping on your website!

EXPAND YOUR CUSTOMER BASE

More payment options mean more sales, so don't show visitors the door. Convert them into paying customers!

2000Charge® can increase your conversions by 20-40%!!

INTERNATIONAL CUSTOMER SUPPORT

A local phone number can make a world of difference to a potential customer.

Customers will feel more at ease if they can communicate in their own native language.

CERTIFIED SECURITY AND REDUNDANCY

Our proprietary payment engine and offices are fully PCI certified with redundant data centers in the US and Europe. We provide the shortest path routing options with the fastest download times to minimize any delays during the sales process.

MULTI-CURRENCY

Our multi-currency options allow us to transact in all major currencies, always display and bill in the local currency, and allow merchants the option to receive their funds in the currency of their choice.

REDUCE FRAUD & CHARGEBACKS

Merchants can take advantage of our exceptional fraud screening and chargeback free payment options and allow sales from previously blocked countries or convert blacklisted surfers into paying customers.

ONE SETUP - QUICK & EASY

2000Charge provides you with a single contract that covers our numerous payment options.

Our technical integration is a snap and will save you valuable time and money.
